

EAA Sketcher Art Scramble - June 2021

On Sunday, June 13, ten 'art scramblers' came together on Zoom for an hour to share their latest Art Scramble creations. Each participant was assigned a unique style and subject. Many more things were shared too, like... What is style, AfriCobra (*an art movement started by black artists in Chicago in the '70's and 80's, using KoolAide colors, patterns, symbols, lettering and movement like in a good Jazz piece*). This was a style most had not heard of before. Char created a family project, challenging her daughter and 7yr old granddaughter to create a mosaic with a botanic/plant theme while at the "Spirit of Clay", located in Mayfield Village. She shared their creations with us. Joan shared her watercolor that she completed in Dottie's class. Lee shared how he melted bismuth crystals and incorporated them in his art scramble image. Here are the images shared by members:

AfriCobra/Religious Sue Herrle, using Paper by 53

Minimalism/Boats Sue Ann Kulcsar

Impressionism/Art Supplies Lilian Anderson

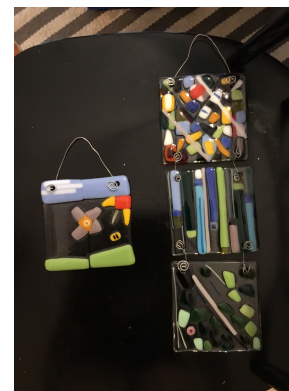

Surrealism/'Tools & Utensils' Rozenia Cunningham

Realism/Drapery Jeri Kluber

Mosaic/Plants Char Dayton fabric mosaic

Char's family project at Spirit of Clay

Romanticism/Architecture Lee Peters
