aka Gelli Printing

Gelatin Plate Printing is a modern twist on an ancient process with a reusable gelatin style printing plate to make single prints with acrylic paint. A variety of tools can be used to create textures and patterns. The designs can be created with bubble wrap, plastic grids, cling wrap, sponges, stamps, stencils, leaves, flowers, string, corrugated cardboard, paint brushes, palette knives, cotton swabs and soft marking tools. Papers that you create can be used for collage projects, art journals, card making, or as art itself.

Cost: \$55 members; \$85 nonmembers, supply list provided on sign up.
