## Euclid Art Association Art Show Categories:

Select a **category** for each work of art. Use the number of the category on your entry form. The judge will use these categories for selecting award winners.

1. **Oil/Acrylic:** Painting created using any oil or acrylic paint.
2. **Watercolor:** Paintings created with watercolor paint.
3. **Graphic Art:** Drawings using any dry medium, including pastels, ink or marker. Also includes fine art prints, calligraphy, and design for flat printed images.
4. **Mixed Media:** Art in which more than one art medium plays a significant role. Works of art in which the surface has been interrupted by cutting, pasting, attaching, or layering. (If a watercolor painting has a few pencil lines, or marker drawing has a few spots of paint, use the category of the obviously dominant medium rather than Mixed Media.)
5. **Photography:** Whether taken on film or digital format, works in this category capture something seen by the photographer. If changes are made to enhance dark & light, color, focus, etc. but the original subject is still intact, then the work belongs in this category, along with any image made in a darkroom.
6. **Digital Art:** Subjects from real life that are altered or combined to create an entirely new image, or any image created initially with a digital drawing or painting program.
7. **Three-dimensional Art:** Includes pottery, sculpture. No jewelry in Library Show.

## Points to Remember:

### Delivery and Pickup:

- If times are not convenient for you, plan with an art club buddy who may be available.

### Groups or set for library show:

- A single grouping, with a maximum of three parts, counts as one entry with one sale price or NFS.
- One group or set per artist.

### A word about originality:

- Please submit only original artwork, done in the last 10 years. Entries should reflect not just your own hand, but your own idea for concept, content, and composition.

### Hanging and display:

- Be sure two-dimensional work has a secure wire. No hanging hooks.
- The BACK of framed art may show on wire racks. Keep it neat with a straight label. May use Scotch tape.
- Contact show chair early with questions about size or unusual hanging or display.
- No wet oil paintings. The painting MUST be completely dry.
- Crew will hang work to best display the whole show.

### Responsibility:

- Artists need to be sure that framing/hanging/display devices are stable and secure and will withstand careful and necessary handling at the exhibit venue.
- Does your framed artwork meet standard presentation guidelines? Clean mat and glass/plexiglass, secure frame and wire, neat back with label? Try it out on a wall to see how it hangs.
